#### 1. Delivery by the Customer to the Company of Samples and treatment of Samples / Customer property

- a. The delivery to the Company by the Customer of any item for testing or calibration by the Company (a "**Sample**") or the delivery of any request by the Customer to the Company for the provision of any similar services shall, upon acceptance of that Sample or request by the Company, constitute an 'offer' (as referred to in sub-condition 1.4). If the Company begins such testing, calibration or similar services on that Sample, the offer shall be deemed to have been accepted by the Company and a Contract shall be formed.
- b. The delivery by the Customer to the Company of a Sample shall occur under the Delivery Duty Paid ("**DDP**") Incoterm 2020© rules. Pursuant to the DDP rules, the Customer shall assume all responsibilities, risks and costs for the delivery of the Sample to the named place of destination agreed upon between the Company and the Customer in the Contract. The Customer shall be responsible for, but not limited to, (export and import) customs clearance and the payment of any duties and taxes until the Sample has reached its named place of destination.
- c. Should a P/O number or equivalent reference be required for payment of any invoices, it is the responsibility of the Customer to ensure that this is provided at the time of the submission of samples. Any delays in providing a P/O number or reference or MSDS/other applicable safety data details will be subject to an administrative surcharge, (which will be multiplied for each item of missing information).
- d. The Company shall receive the Sample at the named place of destination and may offer assistance to the Customer for the unloading of the Sample upon delivery.

Where agreed in the Contract, the Company will use reasonable endeavours to provide written information, results, technical reports, certificates, test or inspection records, drawings, recommendations, advice or the like in respect of the Services (the "Report") or certificate thereon to the Customer by any date agreed. Reports are issued on the basis of information known to the Company at the time that the Services are carried out. Although the Company will use all reasonable endeavours to ensure accuracy, the Services depend, inter alia, on the effective co-operation of the Customer, its staff and on the information submitted to the Company. All Reports are prepared on the basis that:
